

Self-pressurized Series for LN₂ Storage and Supply

Scope of Application

Liquid Nitrogen Supplement Series for LN_2 Storage and Supply incorporates the latest innovation, its unique design utilises the pressure generated from the vapourisation of a small amount liquid nitrogen to discharge LN_2 into other containers. Storage capacities range from 5 to 500 litres.

Innovative Design

- 5 Year Vacuum Warranty
- Pressure Raising
- Stainless Steel Construction
- Liquid Storage

- Decant Valves
- Integral Safety Mechanisms

Qingdao Haier Biomedical Co., Ltd.

@hajermedicalint

Key Features ()

- All models are equipped with safety valves
- All welded stainless steel construction
- Rotary ring construction

- Labelled valves for easy identification
- 5 year vacuum warranty

Product Advantages

Stainless Steel Structure

Stainless steel structure can withstand the most demandina

environment and ensure long-lasting security. It also provides reduced evapouration loss rate, compared with conventional welding insulation tanks.

Casters

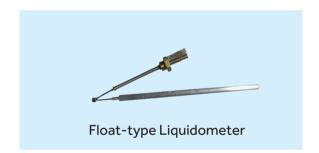

All models have four casters for better mobility and convenient use in different occasions.

Variety of Accessories

Each Self-pressurized Series for LN2 Storage and Supply model is equipped with a pressure valve, a drain valve, a relief valve, and a pressure gauge.

Accessories

Additional Series for Liquid Nitrogen Tank

(Comparison between Standard Series and K Series)

New Functions of K Series

Digital Display Level Gauge

DLZ-300 Digital display of fluid level Remote data transmission function

Large diameter vent valve

Rapid relief of over pressure Protection of safety valve

Pressure stabilizing valve

Stabilize fluid pressure during auto filling

^{*}Static Evaporation: The amount of liquid nitrogen lost by natural evaporation within 24 hours after the container is allowed to reach thermal equilibrium under the specified filling rate, which is converted into the evaporation value under the standard state (atmospheric pressure 101.325kPa, ambient temperature 20°C).

Self-pressurized Series for LN2 Storage and Supply

Product	Product Model	Description and Accessories			
Self-Pressurized Filling Tank	YDZ-5	Includes single-layer transfusion hoses (ZG-DN10/1.5)
